

Welcome to the Catalyst Newsletter!

CATALYST is an EU-funded project that offers a wide range of vocational education and training (VET) in the context of sustainability management. Moreover, CATALYST will develop a European learning platform and establish a corresponding network of businesses, education and science.

The European CATALYST Centre of Vocational Excellence will offer a wide range of online and offline courses enabling skill building in areas such as Sustainable Leadership, Sustainable Business Models as well as Organisational Development.

Apart from knowledge transfer, CATALYST facilitates an international network exchange to build interdisciplinary partnerships, launch innovative pilot projects and create synergies in order to apply acquired knowledge directly into practice.

CATALYST supports organisations in positioning strategically and future-oriented while providing clarity and guidance.

Stay tuned for the next newsletters to learn more and sign up for our offers. We are looking forward to engaging with you!

Training Resources

The resources that are integrated in the CATALYST Platform are designed to provide learners with direct access to materials designed to support both individual and organisational transformation toward sustainability. The resources are typically available alongside the core course content and may vary depending on the specific needs of the learners and the subject matter. Resources do not involve direct interaction with service providers or instructors. They are self-explanatory and accessible at any time

For easier navigation, the available resource are selected in the following sections:

- Case studies and best practices
- Guidelines
- Tools
- Templates
- Tips and tricks

Open Call for Specialisation Programme

AN ENTREPRENEURSHIP SPECIALISATION PROGRAMME

Become a Competitive Startup Manager in Green Businesses

The specialisation programme is a transformative educational experience designed to empower future leaders in the rapidly evolving green business sector. This unique programme combines cutting-edge sustainability knowledge with entrepreneurial skills to help participants innovate, lead, and thrive in environmentally and socially responsible businesses.

WHY ENROLL?

In today's global economy, businesses are expected to do more than just turn a profit—they must also adopt sustainable practices that address social and environmental challenges. This programme equips aspiring and current entrepreneurs, founders, and business professionals with the expertise to integrate sustainability into their core business strategies, making them competitive in a green economy. Participants will gain valuable skills in areas such as sustainable development, green marketing, circular business models, and leadership in sustainability-focused enterprises.

KEY BENEFITS

- **Practical Knowledge:** Learn how to design and implement circular and sustainable business models that give your startup a competitive edge.
- **Leadership Development:** Enhance your strategic decision-making and leadership skills to effectively manage sustainability initiatives.
- **Real-World Application:** The programme combines theoretical foundations with hands-on projects, ensuring you can apply sustainability principles to real-world business scenarios.
- **Collaborative Opportunities:** Build a network of like-minded entrepreneurs and business professionals who are committed to driving sustainable change.

WHO IS IT FOR?

- **Aspiring and current entrepreneurs** aiming to launch green startups
- **Business managers** looking to integrate sustainability into existing businesses
- **Professionals** keen to develop a sustainability-focused strategic mindset

DURATION

6 months

This programme offers an exceptional opportunity to position yourself at the forefront of the sustainable business movement. Gain the skills and knowledge you need to lead change and contribute to a greener, more sustainable future.

START YOUR JOURNEY TO BECOMING A GREEN BUSINESS LEADER!
