

# Welcome to the Catalyst Newsletter!

**CATALYST is an EU-funded project that offers a wide range of vocational education and training (VET) in the context of sustainability management. Moreover, CATALYST will develop a European learning platform and establish a corresponding network of businesses, education and science.**

**The European CATALYST Centre of Vocational Excellence will offer a wide range of online and offline courses enabling skill building in areas such as Sustainable Leadership, Sustainable Business Models as well as Organisational Development.**

**Apart from knowledge transfer, CATALYST facilitates an international network exchange to build interdisciplinary partnerships, launch innovative pilot projects and create synergies in order to apply acquired knowledge directly into practice.**

**CATALYST supports organisations in positioning strategically and future-oriented while providing clarity and guidance.**

**Stay tuned for the next newsletters to learn more and sign up for our offers. We are looking forward to engaging with you!**

# CATALYST Final Conference

CATALYST Project extends an invitation and a warm welcome to its concluding international conference that aims to display the outcomes of the CATALYST Projects, bring together both professionals and enthusiasts alike, and inspire future endeavors.

The Conference takes place this on 23rd April, at the Civil Engineering Faculty in Skopje (N.Macedonia) with the perspective of being your springboard event for the year for both professionals and enthusiasts committed to sustainable future. There are no conference fees.

A special highlight of the conference will be the keynote address by Prof. Wayne Visser, a globally recognised expert in sustainability and transformative leadership. Prof. Visser is the founder of CSR International and Kaleidoscope Futures, former Head of Sustainability at the University of Cambridge Institute for Sustainability Leadership, and author of influential books on sustainable business and leadership. His work focuses on redefining leadership and business models to enable systemic change toward a sustainable future.
